The Mayor and Council
Municipality of North Middlesex
299 Main Street
Parkhill, Ontario
N0M 2K0

Gentlemen and Mesdames:

Re: Prance Drain Section 76 Report

In accordance with your instructions, R. Dobbin Engineering Inc. undertaken an investigation with regards to revising the assessments for maintenance of the Prance Drain and associated branches in the Municipality of North Middlesex.

Request for Drainage

This Report is being carried out under Section 76 of the Drainage Act.

Section 76 of the Drainage Act states that “the Council of the Municipality liable for contribution to a drainage works in connection with which conditions have changed or circumstances have arisen such as to justify a variation of the assessment for maintenance and repair of the drainage works may appoint an Engineer for such purpose and adopt such report”.

Existing Conditions

The Prance Drain consists of an open channel that outlets into the Ausable River in Lot 4, Ausable Concession. It extends in a generally easterly direction for approximately 16km before becoming a tiled portion for the remaining 330m in Lot 14 Concession 17 in the former Township of McGillvary.

Also included in the Prance Drainage Works are the Carter-Thompson Drains and Branches, the M&J Carter Drains and Branches, the Mawson Drain, The Amos Drains and Branches, the Shephard Drain and the Armstrong Drain.

History

The history of the Prance Drain and associated reports are as outlined:

- Dated April 4, 1930 by Geo. A. McCubbin. This report outlines the original specifications for the construction of the open channel to be known as the Prance Drain. Also under this report, two tiled branch drains were to be included known then as the Amos Branch Drain and The Rock Drain Branch.
- Dated March 1, 1945 by Geo. A. McCubbin. This report outlines repairs completed to 4,000 linear feet (1219m) of the open channel. The channel was cleaned from the outlet at the Ausable River to a distance 4,000ft to the east.
- Dated May 3, 1949 by S.W. Archibald. This report outlines the cleaning of the Prance Drain for 18,300 linear feet (5,578m) of the open drain, 460 linear feet (140m) of tile repair on the Amos Branch Drain and excavation and clearing of the Rock Branch Drain.
- Dated March 1, 1960 by Archibald, Gray & McKay. This report outlines the cleaning of the Prance Drain from the outlet at the Ausable River to a point in Lot 22, Concession 8 West of Centre Road. There are specifications for the construction of the Branch Drains located in Lot 15, Concession 17. During the time of construction these Branches were known as Branch, B, C, D. These branches were constructed with field tile, ranging in diameter from 150mm to 200mm.
- Dated April 15, 1968 by C. P. Corbett & Company Limited. This report outlines the abandonment of a section of the Prance Drain on the south side of County Road 24 (McGillvary Road) and E ½ Lot 4 and Lot 5, Concession 8 East of Centre Road.
 - Plans and Specifications for work on the Prance Drain, bottom cleaning and re-sloping the side slopes in multiple sections.
 - Plans and Specifications for the Carter-Thompson Drains and associated Branches. The Branches were constructed with field tile and outlet into the Prance Drain. The Branches were located south of County Road 24 (McGillvary Drive) between Lots 2 & 4, Concession 8 West of Centre Road.
 - Plans and Specifications for the M. & J. Carter Drains and associated Branches. Branch Drain 1 is an open channel with field tile. The work is constructing the field tile and cleaning the open portion. Drains 2-4 were constructed with field tile.
 - Plans and Specifications for the Armstrong Drain. The Armstrong Drain enters the Main Prance Drain at the up-stream end and is constructed with field tile in Lot 13, Concession 17.
 - Plans and Specifications for the Mawson Drain. The Mawson Drain is constructed with field tile and a road crossing at County Road 24. Located in Lot 7, Concession 8 East of Centre Road.
 - Plans and Specifications for the Shephard Branch Drain. The Shephard Branch Drain was constructed with field tile and is located within Lot 14, Concession 17.

- Plans and Specifications for the Amos Drains and associated Branches. These Branches were constructed under the Report by AGM Dated March 1, 1960 and were named Branches A, B, C & D. Under this report the Branches are now part of the Amos Drain and have been renamed 1-5. They are located in Lot 15, Concession 17 and are constructed with field tile.
- Dated June 1, 1973 by C. P. Corbett & Company Limited. This report outlines the cleaning of a section of the Prance Drain from Lot 14, Concession 11 downstream to a point between Lots 2 and 3, Concession 8 East of Centre Road. It also includes the cleaning of the open portion of the M&J Carter Drain 1 running parallel to County Road 24.
- Dated January 15, 1974 by C. P. Corbett & Company Limited. This report outlines the cleaning of a section of the Prance Drain from the outlet at the Ausable River to a point in Lot 22 Concession, 8 West of Centre Road.
- Dated August 12, 1980 by C. P. Corbett & Company Limited. This report outlines the cleaning and widening of the Prance Drain from the outlet at the Ausable River to a point in Lot 22, Concession 8 West of Centre Road. The widening is to a 5m bottom and the widening is taken from the southside of the channel.

Estimate of Cost

The Engineering Cost for preparation of this report is \$21,930.86 plus Net HST (\$22,316.84 including net HST) and includes attendance at the Meeting to Consider the Report and Court of Revision. Appearances before appeal bodies have not been included in the cost estimate. The engineering amount shall be assessed out in accordance with the Schedule of Assessment contained in this report.

Maintenance

The culverts shall be maintained and repaired with 40% assessed to the benefitting Landowner and the remainder assessed upstream to Lands and Road based on equivalent hectares as contained in the applicable Schedule of Maintenance.

Culverts and tile under roadways shall be assessed in accordance with Section 26 of the Drainage Act with the road authority paying 100%.

All additional costs as a result of a utility shall be assessed to that utility as per Section 26 of the Drainage Act.

All of the above is submitted for your consideration.

Yours truly,

Josh Warner, P. Eng.
R. Dobbin Engineering Inc.
